

Product Obsolescence Notice: FB01GKUJ

PON Number: 2025-201

Date of Issue: 20th June 2025

Dear Firecomms Customer:

Firecomms hereby gives official notification that the product listed in this notice is being rendered obsolete. For the model subject to this obsolescence notice, there is no direct replacement product available from the Firecomms product range. Firecomms in this case is offering limited last time buy opportunities to customers.

Reason for Obsolescence

Firecomms has received an obsolescence notice from the supplier of the Vertical-Cavity Surface-Emitting Laser (VCSEL), a key component used in the FB01GKUJ product. As a result Firecomms will obsolete the FB01GKUJ as a suitable alternative VCSEL is not available from the supplier or any alternative vendor.

Last Time Buy Opportunity

There is an opportunity for customers to order limited quantities of FB01GKUJ in accordance with last time buy and last time ship dates listed below. The BOM items available to Firecomms are limited therefore requests will be evaluated on a case by case basis with Firecomms local sales representatives in order to support all customers to the best of our ability.

Part Number for Obsolescence	Model Range	Description	Last Time Order Date	Last Ship Date
FB01GKUJ	OptoLock®	1.25 Gbps 850 nm, Industrial Fiber Optic OptoLock® Transceiver	20 th Sept 2025 (stock dependant)	31 st Dec 2025
